Mr. Robert Shumway
W. K. Enterprises
3080 Spanish Trail Drive
Moab, Utah 84532

Dear Mr. Shumway:

Re: Maintenance or Reclamation of the Dunn Mine, S/037/017, San Juan County, Utah

The Division recently received a citizen's complaint regarding maintenance problems associated with W.K. Enterprise's Dunn mine. Apparently, there is a great deal of trash and debris blowing around the site, some of which has affected offsite property. The portal is unlocked and open, waste material has been dumped on a topsoil stockpile, and some small oil dumps have been reported on the site. The Bureau of Land Management (BLM) has also been contacted by an adjacent landowner regarding this issue.

Because we have received a complaint, an inspection of the site must be conducted to confirm the allegations and assess the impacts. An assessment will be made regarding the magnitude of the problem(s). If significant problems are evident, W.K. Enterprises will be asked to take whatever steps are deemed appropriate to resolve the concerns.

Please contact me by February 10, 1992, regarding this issue, so that we might take steps to alleviate the problem.

Sincerely,

Holland Shepherd
Senior Reclamation Specialist
